Thanks to [Janine Swarbrick](#) from [HGF Limited](#) and Alex from [Gleeds](#) for their presentations about how they use data in their jobs with year 9s from Toot Hill School this morning.

The session was part of our [D2N2 Local Enterprise Partnership](#) funded pilot project Digital Futures: Data in Our Lives, exploring the use of data in careers across all sectors.

We have four more schools lined up for this project, so get in touch if you'd like to volunteer with us over the next six weeks!

You and 5 others
